

French Plane Crashes; 52 Dead

We passed by the Third Street entrance to the Dixon Public Library Sunday morning, and in mentioning it, we realize that until then there was no "Third Street entrance" to the library. It had the look of waiting and of welcome, rather like a closed door on late Christmas Eve.

The hard work and harried activity of the previous two days was over, the job done, and a dream of about 30 years was ready to become an accomplished fact. Now the children of Dixon have their own library.

It is everything they could wish for, attractively decorated with pale green walls to set off the fine new metal bookshelves painted a soft deep pink. The circular bay corresponding to the one upstairs contains the big round reading table, and a most inviting alcove it is.

The loan desk was made by Russell Hayes, high school manual arts teacher, in his home workshop, from plans worked out with Mrs. Karraker, librarian. Made of knotty pine rubbed to a hard satin finish, it is evidence of painstaking craftsmanship.

The moving job went off smoothly, with 7,000 books carried downstairs by Boy Scouts to be filed on the shelves by girls from the library club at DHS. The generalship of Mrs. Karraker in this operation was the final act of many weeks of keeping countless details in her head and dispatching them in the right order, so that everything might fall into place in time for an appointed opening date.

There are empty places on the bookshelves. This is good. It means that the children's library can now expand. The hope for this expansion includes more non-fiction, with a well-rounded list in this category at all grade levels.

No householder ever planned a new home with more ingenuity in stretching every dollar and utilizing every bit of equipment on hand than did Mrs. Karraker and the Library Board. Somehow this makes the result more precious. Incidentally, no tax funds were used.

But they just made it and no more. A shabby, empty room is waiting to be made into a home of the story hour, and another can be visualized as a small retiring room for the library staff. These things and others will have to wait, perhaps until some of us feel disposed to make a gift now and then of money or practical goods and furnishings.

Included in the remodeling of the library basement is a new location for the newspaper room and microfilm files. Everyone benefits, too, in the releasing of space upstairs. The collection of music recordings, for one thing, will soon come out of hiding.

The children's library opened today for use by its young patrons, but an invitation to the public to an open house will soon be forthcoming. "A little open house," Mrs. K. calls it, with hopes for a grand opening in a year or more, when all the proposed improvements to the Dixon Public Library are a reality.

M. P.

DHS Class of '31 Will Meet Tuesday

The Dixon High School class of 1931 will meet at 7:30 p.m. Tuesday in the Loveland Community building to discuss plans for a reunion.

All class members who live in Dixon or surrounding areas are asked to attend and bring with them names and addresses of other classmates. A committee will be named to draft reunion plans. The gathering will be held this summer.

HEIDE CAN'T HIDE TALENT—Heide Geissmann is in Hamburg heaven—she's just won the title of "Mademoiselle Pullover" in that German city. The 18-year-old queen of sweater frauleins is a dentist's assistant. (AP wirephoto)

Europe Remains In Winter Grip Food Shortage Raises Possibility of Famine

LONDON (AP)—Dwindling food stocks brought fresh misery and the spectre of famine to ice-enshrouded Europe today. Vegetable prices rocketed as spring crops rotted under a three-week pall of snow.

The known death toll rose to 676 in the worst winter in living memory.

The Seine River was frozen from bank to bank 25 miles south of Paris. The Thames was iced solid outside the grey stone walls of Windsor Castle.

Potatoes Go Up

In Rome, potato prices doubled to nine cents a pound. Olive oil hit an all-time high of 90 cents a quart.

Eerie fog sirens moaned out over the North Sea as fresh arctic blizzards reduced visibility to a few yards. Road patrols reported traffic conditions in Britain the worst ever and warned motorists "Keep off the roads unless you absolutely must travel."

The death toll by country:

France 159, Turkey 72, Italy 88, Yugoslavia 70, Britain 51, Denmark 35, Germany 32, Greece 30, Holland 38, Austria 21, Spain 19, Portugal 17, Switzerland 12, Belgium 13, Sweden 6, Poland 4, Norway 9.

Three thousand shipworkers at Sunderland, in northeast England, were sent home after snowdrifts buried the docks.

Mercury Dips

Temperatures plummeted to 4 degrees in West Germany and newspapers warned of increasing food and coal shortages. More schools were closed down for lack of heating.

Nearly half the 270-mile stretch of the Weser River iced solid. The Rhine froze over for 18 miles between Oberwesel and Bingen.

French Agricultural Minister An-

dre Dullin reported that 3½ million olive trees had been killed off by ice in southern France. The entire wheat crop of eastern France has been destroyed.

Farmlands in Turkey and Yugoslavia were flooded.

Street cars in the Austrian capital were put out of service by raging blizzards. Giant ice floes drifted slowly on the Danube.

Several Italian trains were reported snowbound in blizzards. Wolf packs continued to drive villagers indoors in the northern mountains.

Even the rats starved in Switzerland as warehouses changed into sealed ice houses. Farm families in the western districts locked themselves in one room overnight to avoid being nibbled by the starving rats.

Nearly 100 Rhine River barges were locked in the ice at Basel Harbor.

In Denmark, where four ferryboats were stuck fast in the great ice belt across the Taffical, the icebreaker Lillebjørn radioed for help after it froze with them.

Slightly warmer weather fanned the low countries, where helicopters continued to ferry food and blankets to isolated villages and islands. Fifteen more deaths were reported over the weekend in the Netherlands.

In Spain the worst of the cold spell has passed, weathermen said. But snow continued to fall in the northern and central mountain ranges.

Firemen Find 'Treasure' After Rock Falls Blaze

ROCK FALLS, Ill. (AP)—Firemen found additional hoards of large size old \$10 and \$20 bills and gold coin today in the fire-damaged home of a reclusive family of three.

The money was hidden in cracker boxes.

Firemen discovered the first caches of money when fire broke out Sunday in the two-story frame home of Mr. and Mrs. E. F. Marsleet.

Condemned Building

They condemned the building today and continued the search. The Marsleets were taken to a nursing home.

Fire Chief Russ Maynard estimated that "many thousands of dollars" apparently saved from the modest earnings of the Marsleets, was found hidden in the house. A nephew of the Marsleets, Paul Knabe, said he thought the total would not exceed \$5,000.

Some Gold Pieces

Firemen said the money, some of it in large size old \$10 bills and gold pieces, literally fell from the

walls where it was hidden. The hoard was found in tin cans, tobacco sacks, envelopes and pots and pans.

Stacks of paper, rubbish and the remains of many unfinished meals were also discovered in the home, firemen added.

Marsleet, who is 88, refused to discuss details of the hoard with newsmen and the cash was turned over to a bank for safekeeping. Rock Falls National Bank officials would not disclose the amount.

The Marsleets kept to themselves, neighbors said, and seldom went out except to work. Marsleet is a former carpenter and has sold vegetables house-to-house. His wife

IAA President Steffey Hits At Proposed New Farm Bill

Addresses Farm Group At Peoria

90 Per Cent Parity Plan Endangers State Agriculture, He Says

PEORIA, Ill. (AP)—The president of the Illinois Agricultural Assn. told a mass meeting of farmers today that changes are needed in the proposed new farm bill to "halt further liquidation of agriculture in Illinois and other Midwestern states."

"I do not intend to sit idle and see Midwestern farmers liquidated further or see the objectives of a sound soil bank plan as proposed by the Farm Bureau sabotaged," Otto Steffey of Stronghurst declared.

Protest Meeting

Steffey addressed a mass meeting in the Bradley University field house called to protest the proposed farm bill approved Feb. 10 by the Senate Agriculture Committee. The bill, among other things, would change from flexible price supports to supports at 90 per cent of parity.

Steffey listed these revisions as needed in the bill:

1. Amendment of the soil bank section to permit and encourage control of diverted acres on both basic and nonbasic crops; reduction of Commodity Credit Corporation stocks by increasing payment in kind for under-planting allotments; requirement of a percentage of depleted acres to be put into soil conserving crops as a qualification for price supports; and elimination of acreage allotments on corn for 1956 or a return to 1955 corn acreage allotments.
2. Removal of the provision for raising price supports on dairy products.

Hits Two-Price System

3. Removal of the two-price system for rice, under which rice would be supported at 100 per cent of parity in the domestic market but would not be supported in the world market.

4. Elimination of the return to 90 per cent of price supports on the basic crops of cotton, corn, wheat and peanuts.

Paul Mathias of Chicago, IAA general counsel, in another speech declared the proposed bill "results from a political attempt to do something for everybody in an effort to obtain political advantage by tying unrelated and inconsistent provisions together—the 90 per cent price supports and the soil bank."

Four Iowa Youths Hurt On Rt. 30

Four Iowa youths were injured when the automobile in which they were riding crashed into the rear of a slowing semi-truck Sunday night three miles east of Rt. 51 on Rt. 30.

The injured, all taken to the Mendota hospital, are Tom Byron Jacobs, 18, Estherville, who suffered face lacerations and a dislocated hip; Jerry Brindle, 18, Estherville, face lacerations; Franklin Leroy Hansen, 19, McLeell, fractured left leg, and Richard George Haegele, 19, Burlington, broken arm and lacerations.

State police said the car driven by Jacobs failed to slow down when it came up behind a semi-truck slowing for a railroad crossing. The truck was driven by George J. Washlow, 41, Chicago, who was not injured.

The accident occurred at 9:30 p.m. State police estimated damage to the automobile at \$700. There was no appreciable damage to the truck.

William H. Martin, 27, 711 Highland Ave., suffered a fractured right leg when the car he was driving (shown above) hit a tree at Seventh Street and Chicago Road early Sunday.

Officers Robert McCoy and Glen Camery said Martin's car was going northwest from Chicago onto Seventh and failed to make the turn. The car jumped the curb on the north side of Seventh and struck a tree. Officers said there were no skid marks to indicate Martin had tried to stop.

A passenger, Paul Walters, 27, 111 E. Fourth St., suffered cuts and abrasions, and was treated at KSB hospital. Martin was in good condition this morning at the hospital.

Martin was charged with reckless driving. The accident occurred at 12:45 a. m. Sunday.

Two cars were damaged in another weekend accident. At 10:50 a. m. Saturday a car driven by Fred W. Miller, 46, 329 Lincoln Way, and one driven by Walter L. Evans, 39, 1204 W. First St., collided at First Street and Hennepin Avenue. According to McCoy and Officer John Woodyatt, the Miller car had just pulled away from the north curb on First Street going west. The Evans car drove around an unloading coal truck as Miller pulled into the traffic lane and the cars collided.

Oregon Couple Die in Crash

Arthur Bass, Wife Victims Of Accident on Texas Trip

OREGON—(Special)—Mr. and Mrs. Arthur William Bass, Oregon, were killed Saturday afternoon when their car left the road and crashed into a culvert 11 miles west of Big Lake, Tex.

Mr. Bass, 78, was a retired Westinghouse Electric Company official. He and his wife, who was 78 also, reportedly had been vacationing in California and were driving to Florida to meet Mrs. Bass' brother, T. K. Webster, Oregon, and his wife, continue their vacation with a cruise.

Mr. and Mrs. Bass apparently were killed instantly in the accident. Mr. Bass was driving.

Born in Madison

Mr. Bass was born Sept. 24, 1877, in Madison, Wis., the son of Arthur and Carrie Showers Bass.

Mrs. Bass, the former Henrietta Seymour Webster, was born Aug. 6, 1877, in Evanston, Ill., the daughter of T. K. and Emma Kittell Webster. The couple was married June 7, 1904, in Evanston. After living two years in Evanston and four years in Tiffin, O., they moved to Pittsburgh, Pa., where they stayed for 24 years. There Mr. Bass became director of work records and statistics for Westinghouse. He retired 18 years ago, and the couple moved to Oregon. They lived on Rt. 2, about one mile north of Oregon.

In 1920, while employed by Westinghouse, Mr. Bass was active in preparing the first radio broadcast of national election returns when Warren Harding was elected.

Church Treasurer

Mr. and Mrs. Bass were members of Oregon Presbyterian Church, and Mr. Bass was church treasurer. He also was a member of Oregon Rotary Club, a charter member of Oregon Men's Garden Club, a former chairman of the Ogle County Red Cross fund drive, and a member of the rationing board during World War II.

Mrs. Bass was well known for her hobby of spinning and weaving. She had given demonstrations of these arts before many organizations. She also was interested in collecting antiques. Survivors are two daughters, Mrs. Elinor Doyle, Oregon, and Mrs. S. Robert Stiles, Cresskill, N. J., a son, Arthur W. Bass, Jr., Rio de Janeiro, Brazil, and eight grandchildren.

List Survivors

Mrs. Bass also is survived by

Sportsmen Gather Here Tuesday

A speaker's list topped by Glen Palmer, head of the Illinois Department of Conservation, will be featured at the annual banquet of the Lee County Coon Hunters and Sportsmen's Club to be held Tuesday night in the Dixon Elks Club.

Also scheduled to speak are Rep. Charles K. Willett, Dixon, a member of the Fishing and Hunting committee of the state legislature; Fred Parker, Rockford, president of the Northern Zone, Illinois Federation of Sportsmen's Clubs, and Clayton Kesseling, Franklin Grove, president of the Lee County Sportsmen's Club and a director of the Illinois Federation.

Everett Hannan, president of Coon Hunters and Sportsmen's Club, said today that the banquet is open to everyone and that a special invitation is being extended to men and women who are interested in bettering hunting and fishing activities locally and throughout the state.

Tickets are available through Hannan, Edward (Sparky) Campbell and others in the Lee County organization. Delegations are expected from West Brooklyn, Amboy, and other communities.

\$75,000 Fire

EAST ST. LOUIS, Ill. (AP)—A \$75,000 fire raged through the United Lumber Co. here early today. No one was injured.

Special Senate Committee Reopens Gas 'Bribe' Case

WASHINGTON (AP)—A special Senate committee headed by Sen. George (D-Ga.) suddenly called new public hearings today on a \$2,500 campaign fund offered to Sen. Case (R-SD) during the Senate gas bill fight. George said the group had decided to expand the scope of its investigation.

After a morning closed-door meeting of the committee, George announced it would reopen public hearings.

George said Donald R. Ross, who resigned last week as U. S. district attorney for Nebraska, may be one of the witnesses. He gave no reason for the decision to call him.

Recall Keck

George said the committee also will call back to the witness stand Howard B. Keck, president of the Superior Oil Co. of California, and Elmer Patman, a lawyer for the firm.

George said that in resuming the public hearings the committee had decided to look into "the general

pattern" involved in the campaign fund.

Reporters asked whether this meant a search for evidence that other senators may have received offers similar to the one to Case. "In a general way," George replied.

In previous hearings, the committee developed that John M. Neff, of Lexington, Neb., a lawyer-lobbyist for Superior Oil, left 25 \$100 bills with friends of Case for the senator's campaign fund. Testimony was that Neff got the money from Patman who testified it came from Keck's personal funds.

It was brought out also that Ross

Goes Down In Desert Near Cairo

Plane Commander Among 12 Who Survive Tragedy

CAIRO, Egypt (AP)—A big French Cloudmaster with 64 persons aboard crashed and burned in the desert just outside Cairo today. Airline headquarters in Paris said 52 persons, all French or Vietnamese, perished.

Six crew members and six passengers, including two children, were brought to a hospital here. The plane's commander, Capt. Charles Billet, was seriously hurt. The plane was on a flight from Saigon to Paris and was trying to land at Cairo. Reports from the scene, where the Egyptian army and American pilots were helping with rescue work, said 43 dead had been counted.

Pilot Aids

American Airline Pilot William Judd was among fliers engaged in aerial relief work on behalf of the survivors.

The big DC6 Cloudmaster was arriving enroute to Paris from Saigon and Karachi with 55 passengers and a crew of 9. It was operated by the privately owned Transport Aeriens Intercontinentaux.

The survivors reportedly included the plane captain and five others of the crew. Airport officials saw the big plane wheeling overhead in the landing circuit. Then it disappeared.

Engines Stop

An airport official said surviving crewmen reported two of the plane's engines stopped just before it was to land. They said the captain tried a forced landing in the desert but the plane burst into flames when it touched down.

An Egyptian army officer returning from the scene of the crash said all that was left of the plane was its burned-out skeleton.

Airport officials said the crew reported the weather was excellent and flying conditions were good at the time of the crash. The airline said no trouble had been reported during the flight from Karachi.

Spots Wreckage

Sources in Paris said the wreckage was spotted by Judd, who was flying his own plane. The American

Ike to Stay In Georgia Until Friday

THOMASVILLE, Ga. (AP)—President Eisenhower today decided to prolong his vacation until Friday or Saturday.

White House Press Secretary James C. Hagerty told newsmen meanwhile "there isn't a thing" to a report that Eisenhower had decided to announce late Friday, after the stock markets close, whether he will seek a second term. The President has indicated he will disclose his political plans around March 1, possibly at a news conference.

In response to questions, Hagerty said he was assuming that Eisenhower's next news conference will be Feb. 29 in Washington. The press secretary declined to say, however, whether the President's answer to the big question would come at that time.

The press secretary said Eisenhower has decided to prolong his stay a few days because he is getting a lot of good, from a health standpoint, from his vacation. Also, Hagerty said, Eisenhower has no Washington engagements which require his mid-week return.

Recreation Lab Is Held in Polo

POLO (Special)—A recreational laboratory was held at the Church of the Brethren for the youth groups, beginning Friday evening and continuing through Sunday. A fellowship and get acquainted service was held at 8 p.m. Friday.

Saturday and Sunday classes were given in music, party games, worship planning, folk games and camp recreational leadership. On Sunday morning the group attended Sunday school and church services.

The leaders for the session were the Rev. Don Snider, Dixon; Mr. and Mrs. Carl Kime, Harold Gardner and Linda Faw, Chicago; Karen Eby, Rockford; Joan Smith, Shirley Fransen and Hubert Newcomer.

4-H Leaders Of 5 Counties Meet in Dixon

About 140 4-H Club adult leaders met in Dixon today for an annual district meeting.

The leaders, from both agricultural and home economics clubs, were from Lee, Ogle, Whiteside, Bureau and Carroll Counties.

The topics for discussion were "Parent Cooperation" and "4-H Demonstrations." The meeting was sponsored by the University of Illinois and included a dinner given by Public Service Company.

The leaders met in Loveland Community House.

HONEGGER LEGHORNS LEAD IN FLORIDA EGG LAYING TEST

Two pens of Honegger Leghorns are leading all entries in the Florida National Egg Laying Test. This contest is made up of 64 entries; 32 are Leghorns, 16 heavy breeds, 6 crossbreeds, and 10 hybrids. Latest results show that the two Honegger Leghorn entries not only led all breeds for the month of December, but are the two top pens in the entire test, both in total number of eggs and total number of points. Points are scored on the basis of egg size.

The first Honegger Leghorn pen has averaged 89.3% production to date; the second pen has averaged 89.1%. The average production for all other entries is 73%. These results demonstrate the bred-in egg laying ability of Honegger Leghorns.

This year get Honegger Leghorns and you'll get the best!

Do-It-Yourself Work Gives Hospital to Village of 400

WINCHESTER, Kan. (P)—It took three years and a lot of elbow grease but Winchester, a town of less than 400, is ready to dedicate its new 25-bed hospital Tuesday. The cash outlay was only \$112,500. That includes \$31,000 worth of equipment.

The money was raised almost entirely in this pint-sized community 40 miles northwest of Kansas City and neighboring hamlets even tinier. Winchester couldn't very well afford more.

But its people could, and did, pitch in to an extent which makes their trim Jefferson County Memorial Hospital a remarkable do-it-yourself project.

Halves Cost
Without the volunteer workers, Ross B. Keys said, the hospital would have cost twice as much, far beyond the community's reach. Keys, 64, has a farm with 150 cattle to feed. As chairman of the Winchester Hospital Committee, he spent many hours of tough work on the building site.

"All the common labor was done by volunteers," he said. "We didn't build under a general contract. We did things one at a time—plumbing, wiring, plastering—as the money became available."

Congress in Dilemma Over Election Spending, Lobbying

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON, (P)—"Fat chance" was the way cynics sized up the possibility the Senate might permit a double-barreled, all-out investigation into political spending and lobbying.

This is an election year. Such an investigation might be explosive. It almost certainly would have to dig into the campaign money received by members of Congress and how they spend it. Both parties would be affected.

Nevertheless, such a twin inquiry shows signs of getting started. Sen. Gore (D-Tenn.) says he will investigate campaign contributions and attempts to influence elections. Sen. Kennedy (D-Mass.) says he will investigate lobbying.

Knowland Has Plan
But over the weekend the Republicans' Senate leader, Knowland of California, while saying there would be an investigation, made a move which may throw sand in the wheels, if enough Democrats and Republicans join him.

Knowland questioned whether the subcommittee headed by Gore has jurisdiction to make the kind of investigation Gore has in mind. Knowland suggested the Senate might set up a special committee to do the job. Special committees usually are more restricted than regular ones, like Gore's.

Gore is a member of the Senate's regular Committee on Rules and Administration and chairman of its subcommittee on privileges and elections. Other members are Senators Mansfield (D-Mont) and Curtis (R-Nebr.).

Vote Probe
The three men met last week and voted to make the investigation which Gore then announced. But Knowland says it might be better to have any such investigation made by a bigger committee comprised of an equal number of Democrats and Republicans.

Knowland says a "jurisdictional" question is involved—that the Senate Judiciary Committee has jurisdiction over any revision of the Corrupt Practices Act.

But Gore's group held jurisdiction last year. It spent weeks holding hearings on proposals to improve the Corrupt Practices Act.

SALE -- SURPLUS GOVERNMENT BUILDINGS

Sealed bids will be received until 1:00 p. m. (CST) Thursday, February 23, 1956, at the Green River Ordnance Plant for 15 Bldgs. of various dimensions from 80'4" x 28'6" to 6' x 4'6" and constructed of various materials. For further information contact G. A. Walter, Mason & Hanger-Silas Mason Co., Inc., Green River Ordnance Plant, Dixon, Illinois.

All Helped

Farmers hauled supplies, mixed concrete, hammered nails, poured cement. Women drove trucks, pushed wheelbarrows. A preacher dug holes.

Construction began in April 1953. Subcontracts ready mixes and similar expedients could have speeded completion.

But they would have increased costs. And 101-year-old Winchester, which has been dreaming of a hospital of its own for generations, was in no particular rush.

Slow During Harvest
Volunteer work naturally fell off around harvest time.

"We never stopped, though," Keys said. "At times we had as many as 30 volunteers at the scene."

All told, Keys figures some 200 men and women donated their time and labor to the hospital.

"Until today, we were 25 miles from the nearest hospital," Keys said. "This will be a wonderful convenience for our people. And it may save a life sometime."

Name 3 Ohio Youths for Scholarships

OHIO — (Special) — The three youths who will this year receive the music and art scholarships given by the Ohio Women's Club were chosen last week by the scholarship committee. Arlen Schultz and Robert Gurgutty will attend the music camp held at Western Illinois State College, Macomb, in June. Miss Judy Grossman will go to the art school at Robert Allerton Park, Monticello, Ill.

These scholarships were set up several years ago and are given each year to the young people who are outstanding in the music and arts program of the school. Their scholastic standards must be good, and they must be active in school activities. Any student except a member of the senior class is eligible.

The scholarship committee is composed of the music supervisor, Vance Plapp; the high school principal, Lyle Morgensen; the class advisors, Mrs. Clarence Mollen, senior advisor; James Kettleborough, sophomore advisor, and Donald Traynor, freshman advisor; the president of the student council, Mary Jo Knuth, and Mrs. Evan J. Ewalt, president of the Ohio Woman's Club.

Princeton Man 'Outstanding Young Farmer'

CHICAGO (P)—The Illinois State Junior Chamber of Commerce Saturday named Harold B. Steele, 33, of Princeton, recipient of its "Outstanding Young Farmer" award.

Steele was selected from 194 nominations made by Jaycee groups throughout the state. His prize is a registered brown Swiss heifer.

Richard Muehling, 30, of Cissna Park was runner up to Steele and Jean Hulcher, 35, of Girard was in third place. John Egan, state Jaycee president, said they'll get \$100 and \$50 savings bonds.

Deaf Man Perfects Cordless Hearing Aid

Worn Entirely on One Ear

PEORIA, Ill. (Special) — H. Lyons, who himself has been hard of hearing for over 25 years, today announced the perfection of a miniature electronic hearing aid that is so small it is all worn on one ear.

It weighs but a fraction of an ounce and can be slipped on and off easier than a pair of eye glasses. Wearer gets all-directional pick-up and normal use of telephone. There is no clothing interference because it is worn at the ear, which is the natural way to hear.

Since the aid is tiny and is worn tucked behind the ear, it is practically invisible. Mr. Lyons stated that, although it is powerful enough to fit the most severe hearing loss, it can also be adjusted for the millions of slightly hard of hearing who feel they are not deaf enough to bother with the more cumbersome aids.

It is suggested, if interested for yourself or a friend, to write to Mr. H. A. Lyons at 304 First National Bank Building, Dept. 2026, Peoria, Illinois, and he will be glad to send information at no cost or obligation to you.—Adv.

The Ogle Homemaker

Banker Speaks To Federation

By HARRIET WACHLIN
Ogle County Home Adviser

OREGON — (Special) — Highlight of the 4-H Federation meeting Thursday was a talk by Joe Shewman, Stillman Valley banker.

Shewman told the 4-Hers that Ogle County bankers are most willing to help them financially.

He cautioned the 4-Hers against paying exorbitant prices for an animal hoping it will be a top winner. He said that he doubted if many banks would lend money to purchase such an animal. But he felt sure that bankers would lend money to help boys and girls get started with a worthwhile project.

Recently the county 4-H Federation officers met to discuss programs for each meeting.

Next month we will have a talk on citizenship. In the coming months federation members will receive information and help with these 4-H activities: recreation, electricity, demonstrations, public speaking, and safety.

The federation will hold several social meetings also. These include a chicken barbecue, a swimming party, a hayride and weiner roast and instruction in social and square dancing.

Each local agricultural and home economics club elects delegates to attend federation meetings. Each club may have one delegate for each 10 members or fraction thereof.

However all boys and girls 14 years or older are Federation members and may attend the monthly meetings. Only delegates may hold offices and vote.

Clothing School
Eight clubs were represented at the first session of the beginners clothing school Wednesday.

Mrs. L. T. Barnes, polo, instructor, supervised those attending as they made a scarf and gathered skirt out of cotton.

On March 1 the second session will be held. At this time each member of the group will be making a simple dress in which the following sewing techniques will be learned: how to measure, pattern alteration and marking, staystitching, pressing, directional stitching, stay-lining, inserting a zipper, applying shaped facings and hemming.

Those who attended the clothing school and their clubs were: Mrs. Sam Thomas, Mt. Morris Merry Maids; Mrs. Dick Nanninga and

Mrs. Archie Diehl, Brookville Cornets; Mrs. Winford Kyker, Mrs. Wesley Immel and Mrs. Leonard Warner, Pine Needles; Mrs. Paul Fossler, Polo Seam-Rites; Mrs. Grover Thomas, Mt. Morris Lucky; Mrs. Edwin Zumdahl, Lucky Clover; Mrs. Everest Schaefer and Mrs. Warren Harcauly, Carefree Girls; Mrs. Harold Frericks and Mrs. Raymond Hass, East Ogle Beacons.

Homemakers Camp

The Homemakers' camp board met last week to make plans for this year's camp. Mrs. Joe Engelbrecht, Franklin Grove, is president. Ogle County's representative on the board is Mrs. N. Flanders, Rochelle.

Tentative plans call for having the following crafts: copper enameling, glass ash tray lamps, basketweaving, plastic lampshades, and strawtex bags and hats.

This year's camp will be held June 20, 21 and 22 at White Eagle 4-H camp near Adeline.

Every woman living in any of the 10 counties in this camping district is welcome to attend. She does not have to be active in farm or home bureau or extension work. If you enjoy a three-day outdoor vacation, contact the home adviser for further information.

Rev. Moore Guest Speaker for Polo Prayer Program

POLO — (Special) — World Day of Prayer was observed at the Presbyterian Church Friday afternoon. Mrs. Jay P. Wilson presided at the meeting.

A short business meeting was held, and Mrs. Dan Fierheller and Mrs. E. P. Shipman gave reports of the 7th Biennial Assembly held in Cleveland, Ohio. The program theme was "One Flock, One Shepherd." Mrs. Conrad Jecklin was program chairman, and Mrs. Ray Hedrick, Mrs. C. J. Krell, Mrs. Walter Schmidt, Mrs. Harvey Gabel and Mrs. E. P. Shipman were the readers.

The Rev. Eugene Moore, pastor of East Jordan E.U.B. Church, was guest speaker, and his subject was "Our Prayer for Christian Unity." He emphasized the fact that even though there were various churches and various creeds, each accepted Christ as Savior.

An offering of more than \$60 was received which is to be divided between the foreign missions and the national missions project of the National Council of Church Women. Mrs. George Fritz was soloist, and the Rev. Bertram Davies gave a prayer.

Ohio FHA Meets

OHIO — (Special) — The Future Homemakers Chapter of the Ohio County High School held a regular meeting recently. During the meeting 13 members were initiated.

Kay Doran and Nancy Stocking served refreshments. The chapter mother, Mrs. Gilbert Anderson, and the advisor, Mrs. Robert Eidenmiller, were present.

Ohio Notes

OHIO — (Special) — The Louis Fahs home on Railroad Street was sold at auction Wednesday to Ben Smith.

Phil Walter, Dave McDonald, Bob Kerr and Bill Anderson attended the Bradley vs St. Louis basketball game at Peoria Wednesday evening. Phil was in St. Louis over the weekend to attend the homecoming activities at St. Louis College.

Ogle License

OREGON — (Special) — Ogle County Clerk Ada McGurk issued a marriage license Saturday to Robert D. Elliott, Oregon, and Doris Baker, Mt. Morris.

Those receiving licenses Friday were George Robert Onken Jr., Sterling, and Patsy Kay Rineard, Polo, and Charles E. Hayes and Betty J. Potts, both of Aurora.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne) discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your drugstore. Money back guarantee.

Marines Will Investigate Tragic Error

OAKLAND, Calif. (P)—Investigator still are trying to figure out what caused the crash of the military transport plane southeast of here Friday that killed all 40 Marines aboard.

At El Toro Marine Air Station near Santa Ana in southern California, Marine officers are trying to find why the tragedy was compounded by release of an erroneous casualty list based on the passenger manifest of a plane load of Marines which landed safely at nearby Alameda Naval Air Station.

Some parents of men on the wrong list, many notified by the Department of Defense in Washington that their sons had perished, had telephone calls from their sons that it was a mistake. A corrected death list, "rockbound and final," was released early Sunday from Camp Pendleton near Oceanside.

Maj. Gen. Clayton C. Jerome, El Toro commandant, instructed a board of inquiry into the roster mistake to "determine whether this grievous, tragic error is the fault of our system or the fault of an individual. We want to see nothing like this ever happens again."

The four-engine plane, bringing Marines from El Toro and Camp Pendleton to Treasure Island for reassignment, hit a ridge in southern Alameda County during heavy mist Friday while making its landing approach to the Alameda Naval Air Station.

Father Dies At Daughter's Wedding Rites

HADDON HEIGHTS, N.J. (P)—Edwin C. Spencer, 61, of Audubon, N. J., died of a heart attack a few minutes after giving his daughter's hand in marriage.

Death came to Spencer, sitting in a pew with his wife, as the marriage was drawing to a close Saturday in Haddon Heights Baptist Church.

The Rev. Kenneth W. Masteller, who performed the marriage, said that about 100 guests attended a reception after the ceremony at the insistence of Mrs. Spencer.

"He would have wanted it this way," the pastor quoted Mrs. Spencer as saying.

Hold Merchant For Slaying of Negro Physician

COLUMBUS, Ga. (P)—A white merchant was held today for questioning in the slaying of a prominent Negro physician.

Solicitor General John H. Land said Sunday night that Dr. Thomas H. Brewer, 61, "threatened to get" Luico Flowers, 54, shortly before a burst of pistol fire ended the physician's life Saturday night.

Brewer was a member of the local executive committee of the National Assn. for the Advancement of Colored People. Authorities said the shooting apparently had no connection with any of his NAACP activities.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

Every driver should be aware of his responsibility to be alert and ever on the lookout for pedestrians. A pedestrian has a slim chance against a moving vehicle of greater weight.

Just as some drivers run stop lights, so do some pedestrians ignore them. Some people are not thinking of the important task they have when they cross streets against traffic signals. Others are just in a "hurry" for a Date With Fate.

While many pedestrians are killed while crossing a street against a traffic signal, an even larger number are killed when they attempt to cross the street in the middle of a block. A driver has little time to bring his car to a halt if a "jay-walker" suddenly darts out in front of him from between two parked cars.

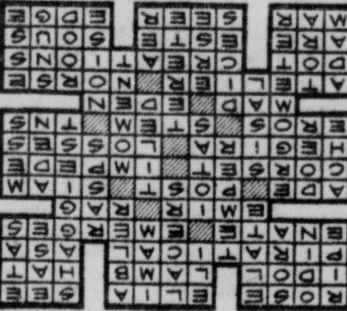

And a driver should be most alert when driving through a residential section. Children have no time to worry about dashing into the street when they are playing. The driver must worry for them.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Answer to Today's Puzzle

Bus Drags Passenger To Death

CHICAGO (P)—Mrs. Maude McPherson, 44, was fatally injured Sunday by a Chicago Transit Authority bus which dragged her about 350 feet and ran over her.

Witnesses said Mrs. MacPherson stepped off the bus at a North Side stop and the doors closed on the back of her coat. She was thrown to the ground as the vehicle started and dragged along the street.

Spectators—including her son Beldon, 14—chased the bus shouting without success for the driver to halt.

George Sanicki, 25, the operator, was charged with reckless homicide, negligent driving, and failure to report an accident. He told police he was unaware the mishap had occurred. He later was released on \$2,500 bond.

The number of amateur photographers had doubled since the end of World War II.

Benny Goodman Story Is Top Musical Biography

Hollywood, in tabulating its more notable films, must now add a wonderful new musical biography to its cherished lists—Universal-International's inspiring Technicolor production, "The Benny Goodman Story," which opened yesterday at the Dixon theater.

Rarely in motion picture history has one film been able to capture so much entertainment in a single capsule as does this cinematic tribute to America's King of Swing. Combining a musical revival of the golden years of jazz with a simple, moving love story, "The Benny Goodman Story" stamps itself as an even greater triumph than its recent predecessor, "The Glenn Miller Story."

To older moviegoers it is a nostalgic glance back to cherished memories; to younger film patrons it is the exciting re-discovery of Benny Goodman, his fine artistry and his unexcelled musical genius.

At the same time that it emerges as a musical hit, "The Benny Goodman Story" unveils a new male star of great stature in Steve Allen and becomes another glowing tribute to the talents of beautiful Donna Reed. Together they weave with fine humor and pathos the love story of Goodman, the kid from across the Chicago tracks, and Alice Hammond, the society beauty who eventually became his wife.

Allen, already famous as a television comedian, is a delightful surprise as the serious-minded Benny Goodman. Donna, in this film, surpasses even her performance in "From Here to Eternity," a role that had won her an Academy Award.

Supporting performances maintained an equal degree of quality, notably by Berta Gersten and Robert F. Simon of the New York

Man Convicted of Slaying Minister

DANVILLE, Ill. (P)—Hardy G. Wilson, 63, of Georgetown, was convicted Saturday of murdering a church pastor and sentenced to life imprisonment by a Vermillion County Circuit Court jury.

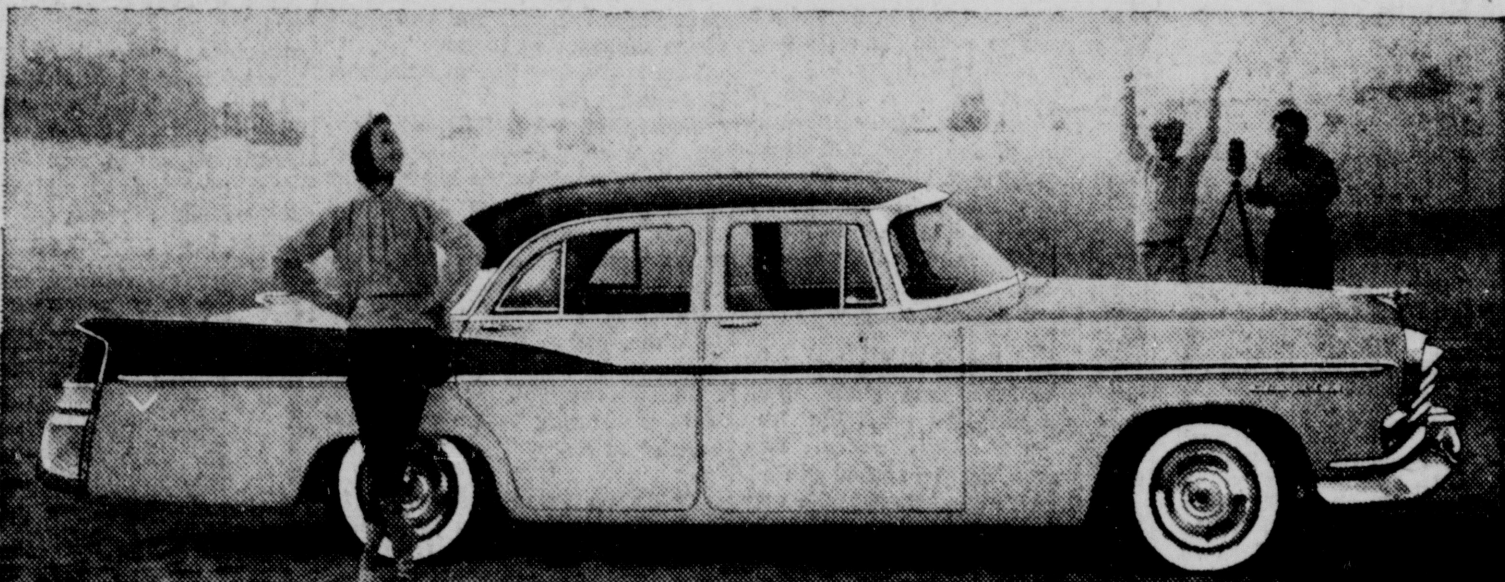

Wilson was charged with shooting Elder Carl Lewis, 29, pastor of Israel Church of God of the White Horse Army, in the church yard last December.

Authorities said the men, both Negroes, had been in a dispute over church doctrine.

Missile Situation Complex

In the past few weeks charges have grown stronger that the United States is lagging behind the Soviet Union in the all-important race to produce an intercontinental guided missile.

The complaints cannot be dismissed lightly, since they are being voiced mainly by two able and responsible senators, Henry Jackson of Washington and Stuart Symington of Missouri.

President Eisenhower has in fact acknowledged that America may trail Russia in some phases of its missile program, while it leads in others. Evidently the requirements of security prevent his being more specific than this.

The President's statement plus the Jackson-Symington charges seemed to lend especial pertinence to the recent resignation of Trevor Gardner, Assistant Secretary of the Air Force in charge of research and development.

But later accounts do not support the notion that Gardner quit in protest against slowness of the guided missile program. Indications are that he acted because the Pentagon refused to approve an added 200 million dollars for research and development. Yet he did not plan to spend any of that extra money on the disputed guided missile program.

Gardner evidently did not like some features of that program, but he did not speak out against the general pace of it.

Inquiry discloses that the missile work has been in controversy not only on the outside but within the administration. The argument is between the Air Force, which wants to concentrate on long-range missiles (5000 miles) and the Army and Navy, which are primarily interested in the 1500-mile weapon.

At least temporarily, this argument has been quieted by giving equal priority to the two types. This satisfied Army-Navy advocates, but left Air Force supporters still discontent. From this situation plus their own appraisals of Russian progress, Senators Symington and Jackson apparently compiled the material that led to their charges.

To show that the issue is complex and not always quite what it appears to the naked eye is not to minimize these charges. President Eisenhower has not done so, nor should anyone.

When the stakes may be free world survival, as well they could be, we can only welcome responsible criticism. For this is a program we cannot afford to be wrong about. It is a race in which we dare not run second.

The Doctor Says:

When Rays of Light Won't Focus, It's Astigmatism

By EDWIN P. JORDAN, M.D.

A recent letter from Mr. S. asks whether a person with astigmatism should have his eyes examined and whether this is a serious condition.

The answer to the first question is that the eyes should be examined, though it is not certain that glasses would be required since sometimes astigmatism is so slight as not to require correction.

The answer to the second question is that astigmatism alone may be important, but is not serious in the sense that the eyes are seriously damaged by it—or the general health either.

THIS INQUIRY raises the subject of astigmatism in general and a discussion of it, therefore, seems in order.

The eyeball is shaped much like a sphere. The rays of light come through the circular part of the eye, called the pupil. A twisting of the eyeball in any direction will cause the rays of light to become twisted also and the image then appears out of focus.

Astigmatism means that there is an inability of the eye to focus the parallel rays of light which enter it. In other words the rays of light do not come together at the same point in the back of the eye. Thus a person who has astigmatism sees things as though blurred. Objects appear fuzzy and irregular.

ASTIGMATISM is not always in the same plane and it is certainly not always the same in both eyes. For this reason, when glasses are necessary for astigmatism, the lenses necessary to correct the defect in the two eyes usually will not be alike.

The correction of astigmatism requires finding out for each eye just what change there has been in the curvature of the lens and which plane is twisted. The lens for the glasses is prescribed. It is ground to correct the planes which are faulty and to bring the parallel rays of light to a single focal point in the back of the eye. The image of what is seen again becomes clear and sharp.

TRAINING AND SKILL are necessary to find out just what is the matter and to prescribe exactly the type of glasses needed to correct the error.

Special instruments are used and in most cases doctors place a drop of atropine or similarly acting drug in the eye which causes the pupil to become dilated and makes the examination of the error both easier and more accurate.

Astigmatism is one of the most common causes for prescribing eyeglasses. It is often associated with nearsightedness or some other ocular difficulty.

In Hollywood Westbrook Pegler

By
ERSKINE
JOHNSON

HOLLYWOOD — (NEA) — The Women: “Forbidden Women,” an Italian movie starring Linda Darnell, that turned out to be forbidden celluloid for U.S. audiences, is in the hands of the censorship jury again after refilming of some scenes and the addition of others.

Linda plays a shady lady in the flicker but says she can't understand the original ban on the film. She told me between scenes of “Deception,” her 20th Century-Fox hour telefilm.

“I’ve taken my eight-year-old daughter (Lola Marley) to see it twice, and I wouldn’t take her to any objectionable film. I hope it can be released in this country now because it’s the best performance I’ve ever given.”

Marilyn Monroe is miffed again. This time at a British scribe who wrote an imaginary conversation between her and Sir Laurence Olivier, slated to be her next leading man. The grammatical errors he put in M-M-M-M-M-M’s mouth opened it wider than usual.

INSIDE on the casting of Anita Ekberg opposite Robert Ryan in “Back From Eternity” is that the assignment will wipe out the contract the Swedeheart had with the Massour Bros. to star in a telefilm series, “Sheena, Queen of the Jungle.”

La Ekberg failed to report for the leopard-skin chore and Irish McCulla was substituted. The Massours wisely held on to their contract with Anita, then an unknown, and will get a big chunk of the \$40,000 she's getting from RKO.

Gloria McGhee, making her film debut in “Sierra Stranger,” is a good bet for a TV Emmy nomination for her excellent performance in the double segment “Medic” show. If she gets the nod, it'll be the cheapest Emmy performance in history.

Gloria was paid a total of \$650 for both shows as the baby killer. “The richest \$650 I ever earned,” she grins, “but I'd have paid that much for the chance.”

EVA MARIE SAINT is getting the come-hither sign from Columbia for a costarring role with Mario Lanza and Kim Novak in the remake of “Golden Boy.”

Expected fireworks failed to go off when Zsa Zsa Gabor and Lisa Ferraday met face to face on the set of “Death of a Scoundrel.” The foreign dolls have been carrying on a feud, but Lisa told me:

“Zsa Zsa walked right up to me and said she was sorry for what she had said about me two years ago. It takes a real person to do that. You can't help but love this woman.”

But producer-director Charles Martin isn't jumping for joy over the dove-and-olive-branch act the gals are staging. He told Lisa: “You're friends! I was hoping to have some fun with you two while we're making the picture.”

Lisa is the new doll in Broderick Crawford's life.

DOROTHY DANDRIDGE is having a conference with Producer Buddy Adler about the big starring picture in the works for her at 20th Century-Fox. Not too many years ago, Adler produced a picture titled “Harlem Globe Trotters.” Dorothy, then a newcomer to films, had a small role as the feminine interest.

But she remembers: “They were always throwing basketballs at me instead of kisses.”

Chalk up three best-sellers for Dale Evans in the last 12 months. Her two books, “Angel Unaware” and “My Spiritual Diary,” and her song, “The Bible Tells Me So.”

The training college of the Royal Canadian Mounted Police at Regina, Saskatchewan, has perhaps the only church in the world used exclusively by policemen.

There is one fundamental difference between the position of President Eisenhower, his palace guard and the clamorous bosses of the Democratic party on one side and constitutional Americans on the other. The first group are fed up with the Constitution of the United States. However, like Roosevelt and Wilson, the pioneer saboteur, they are warned by their political sense that they would shock the population if they should say, outright, “The Constitution is outmoded and must be superseded by a new document curtailing the rights of the people and the national sovereignty of the United States.”

Those actually are their objectives. They have been largely won already by a series of invasions comparable to MacArthur's island beach-heads in the Pacific.

Social Security, for one flagrant example, revoked the citizen's right not to buy an annuity insurance policy. It also confiscates money from the citizen and his employer to pay premiums on a policy which is a rank fraud, issued by a “company” which arbitrarily alters the terms of the contract at its own corrupt convenience and does not even pretend to be solvent. The “company” frankly admits that it is meeting accumulated obligations out of current receipts, having squandered the contents of the vault.

The military law which permits the federal government to dragoon young Americans into military service in time of peace and place them in jeopardy of horrible punishments for civil misdemeanors, including petty larceny, in foreign countries, is another example. The public apathy toward this abrogation of a basic American civil right is plain proof that the majority of the people have surrendered, if they ever really were aware of them, rights reserved to the people and withheld from the federal government by the Constitution.

As time has dragged on and the enormities insistently imposed on us by Wilson, Roosevelt and Truman have become confirmed by passive consent, a few bolder political agents of this revolution have had the candor and impudence to damn the Constitution in plain words.

The most truculent of these is Mrs. Eugene Meyer, the wife of a fabulously rich and mighty manipulator of vast interests. The Meyers' home is a veritable castle in Westchester County, N.Y., with a warm-water, marble swimming pool indoors and vast acres requiring a large corps of foresters and gardeners. In one political emergency, 20-odd years ago, Mrs. Meyer boasted that she had ordered all her staff, indoors and out, to go to town and vote, plainly outlining her personal position on the issue involved. They run the Washington Post and Times-Herald and their position on Alger Hiss after his conviction under conditions plainly implying adherence to the obvious though undeclared Soviet enemy, was that the political “climate” of the time mitigated the offense. We all remember, of course, that the offense was active participation in a treacherous Soviet “apparatus” for espionage.

Mrs. Meyer, as quoted in her own family paper, recently came out flatly for a new bill of rights. “Mrs. Meyer said the new standards of freedom should, for example, establish welfare rights on a more secure legal basis,” this article said, “and ‘rescue them from the onus of charity.’” This derogation of charity as an evil is typical of the principles of this mighty political force including, be it noted again, Eisenhower and his mock-Republican following. Yet, the same cult endlessly campaigns with professional ballyhoo and plain elements of extortion by blackmail, raising hundreds of millions of dollars yearly for “charity,” with the mocking inducement that such tribute, even when given under pressure, is deductible as “charity.”

Continuing, this article said: “Such a modern bill of rights, she said, would assert that every American was entitled to education to the full extent of his capacities”; in plainer words indoctrination by the Hitler method, “to health protection and to medical care, the cost of which exceeds his economic resources.”

That kicker about excess of the

So They Say

This nation can no more return to isolation than an adult can return to childhood.

—Sen. William Knowland (R-Calif.)

It is my firm conviction Mr. Eisenhower could sit in the (rocking) chair on the front porch of his farm house at Gettysburg, Pa., and win re-election without even rocking.

—Rep. Dewey Short (R-Mo.), who sent President Eisenhower a rocking chair.

George Washington Said:

"Labor to keep alive in your heart that little spark of celestial fire called conscience.

"Associate with men of good quality, if you esteem your own reputation; it is better to be alone than in bad company.

"Almighty God . . . keep the United States in Thy holy protection . . ."

Helen Brown Bride of William Hill in Ohio

OHIO—The chapel of the Ohio Methodist church was the setting Feb. 11 for the marriage of Miss Helen Louise Brown, Peoria, daughter of Mrs. Lillie Brown and the late Roy Brown, Ohio, and William C. Hill, Earlville, son of Mr. and Mrs. Amel Hill, Jennings, Fla.

Rev. Earl M. Edwards read the 3 p.m. double ring ceremony before an altar banked with candelabra and bouquets of white gladioli. Mrs. Amata Goble was organist and Phyllis Pieman, Peoria, soloist.

Given in marriage by her brother, Eugene Brown, Peru, the bride wore a light blue wool dress in street length styled with a round neckline, princess style waist, and three-quarter length sleeves. Her matching, small hat was trimmed with satin buttons and held her shoulder length veil. A cameo brooch, belonging to her mother, was the bride's only jewelry. She carried a bouquet of white French carnations, centered with a white orchid.

A sister of the bride, Mrs. Kathleen Tonozzi, Ladd, served as matron of honor. She wore a grey wool frock fashioned like the bride's. Her hat was also similar to that of the bride. She carried white and blue French carnations.

Dwayne Young, Earlville, served as best man, and John Brown, Dixon, brother of the bride, ushered.

The bride's mother wore a navy blue print with matching accessories and a corsage of white roses. The bridegroom's mother was not present.

Reception
A reception was held following the ceremony in the church dining room with 125 guests attending. Mrs. Guy Eyer and Mrs. Raymond Hoffman were in charge with Mrs. Joan Allgaier, Bartonville; Mrs. Lyle Pendarvis, Mrs. John Brown, Dixon; Mrs. Donald Lovgren, Ottawa; Mrs. Donald Brandenburg, Walnut; Mrs. Clinton Behrens, Walnut; and Miss Janet Pendarvis as servers. Mrs. Robert Kerr was in charge of the guest book and Mrs. Russell Kramer, Polo, and Mrs. Felix Johnson took care of the gifts.

The serving table was centered with a three tiered wedding cake decorated in red and white and topped with a harp.

When the newlyweds departed for a wedding trip to Jennings,

Fla., to the home of the bridegroom's parents, the bride wore a charcoal knit suit.

They will make their first home in Earlville.

Ohio Grad
The bride, a graduate of Ohio Community high school and Brown's School of Business, Peoria, has been employed in Peoria in the office of Dr. Carl Newhoff.

The bridegroom attended high school in Valdosta, Ga., and served eight years in the U. S. Navy. He is presently employed as tower operator for the C. B. and Q. Railroad, Earlville.

Many Honor Earl Bucks Wed 50 Years

Mr. and Mrs. Earl Buck, Franklin Grove, were honored Feb. 12, in celebration of their 50th wedding anniversary. The reception took place in their country home. Refreshments were served by the daughters and relatives of the honorees. The table was beautiful with its lace cloth, gold and white wedding cake and gold tapers in crystal candelabra.

Presiding at the coffee service during the visiting hours were: Mesdames Bertha Royer and Edward Royer, Dallas Center, Ia., and Mrs. O. D. Buck, sisters-in-law of the honorees. Serving punch were: Miss Darlene Buck, Mrs. R. K. Callison and Mrs. Everett Johnson, daughters of the Bucks.

In the evening cake was cut and served by Mrs. Wilbur Royer, niece of the Bucks. Miss Darlene Buck was in charge of the guest book and guests were received, at the door in the afternoon by Lorna Lee Johnson, granddaughter, who wore her grandmother's cream silk mouseline and lace wedding gown. She was assisted by the three daughters of Mr. and Mrs. Buck.

Others assisting with the serving were: Mesdames Kenneth Ploutz, Emmett Thorland, Joe Reynolds, Ernest Fair and Willard Simpson.

Mrs. Buck wore a gown of light blue, with a white carnation and pink rosebud corsage, for her anniversary party.

Those present for last Sunday's celebration who were also guests at the wedding 50 years ago included, Mr. and Mrs. Edward Royer and Mrs. Bertha Royer, Dallas Center, Ia., also Rev. O. D. Buck.

The Bucks received calls from over 200 guests who came from Oregon, Dixon, Lanark, Polo, Eldena, Mt. Morris, Steward, Kirkland, Morrison, Chana, Ashton, Amboy, Nachusa, and Franklin Grove, Ill.; Bemidji, Minn.; Madison, Wis., and Perry and Dallas Center, Ia. Many lovely floral gifts were received as well as phone calls from Iowa, California and several surrounding towns.

A number of letters and cards were received from friends including one from Gov. William Stratton.

A large Valentine, near the serving table, announced the engagement of the Buck's youngest daughter, Miss Darlene Buck, to Stewart Titz, Jackson, Mich.

PALMYRA GRANGE
Palmyra Grange will meet at 8 p.m. Thursday in Palmyra town hall. Pictures on Hawaii will be shown by Mr. and Mrs. Ray Gilbert. There will be a box social with the ladies reminded to bring boxes.

The public is invited to attend.

DIXON TRAVEL CLUB
The Dixon Travel club will meet at 7:30 p.m. Tuesday, Feb. 21, in Loveland Community House. A Puerto Rican journey will be presented by a group of Dixon teachers.

Serve minute steaks, fried in butter, with lots of minced parsley. Good fresh taste.

Civic Music Campaign Opens

CHECKING TALENT PREFERENCE BALLOTS and artists' information pamphlets for the Dixon Civic Music Association are, from left to right, Rev. Vernon L. S. Jones, association president; Mrs. Samuel Adler, campaign co-chairman; Mrs. E. M. Bastian, association secretary; and Mrs. Erma Davis, field representative for the Civic Concert Service. A kick-off dinner will take place at 6:15 o'clock this evening in St. Luke's Guild hall, honoring workers in the Dixon Civic Music Association 1956-57 campaign which is taking place this week.

WRC Enjoys Program at Recent Meet

When the Dixon Woman's Relief Corps, No. 218, met recently, in Loveland Community House, a program honoring the birthday anniversaries of Washington and Lincoln, was held following the business session.

Mrs. Sadie Ayers read an article about Washington and Mrs. Zeldah Kennaugh gave the history of the "Battle Hymn of the Republic." Mrs. Frances Swarts played the hymn, Mrs. Richardson told about the Abraham Lincoln National Historic Park, in Kentucky, and Mrs. Etta Baker told of the Lincoln Home, Springfield.

Mrs. Kennaugh read the history of Dixieland and the music was given by Mrs. Swarts. Robert Groom presented a number of accordion selections. Preceding a Valentine exchange, Mrs. Kennaugh read the poem, "Valentines."

Refreshments were served by the color bearers, Mesdames Ida Rice, Meta Wilhelm, Zeldah Kennaugh and Mabel Dial. The tea table was decorated in a Valentine theme featuring a Valentine tree and red tapers.

During the business session, national orders No. 3, issued by national president, Lucille V. Rand, were read and contained messages from national officers. It was also announced that the 74th annual department convention would be held June 15, 16 and 17 in Pere Marquette Hotel, Peoria. Department senior aide, Mildred Arbuzani will be in charge.

A letter was received from Dwight Veterans' Hospital thanking the corps for a contribution to the Christmas party. A contribution was given the department scholarship fund and it was voted to give Mrs. Katherine White a life membership in the Dixon corps in appreciation of work she performed when an active member.

Mrs. Mabel Dial reported the placing of a flag and wreath at

Women of Moose Enjoy Program

Dixon chapter 832, Women of the Moose, met recently in the Moose home for a regular meeting called to order by senior regent, Mrs. Gene Shoemaker. This was ritual chapter night with Mrs. Harold Horton, ritual chairman, in charge of the program.

The program consisted of a piano solo, "Moments to Remember," Miss Dorothy Hepler; vocal solo, "Suddenly There's A Valley," Miss Julianne Hepler, accompanied by her sister, Dorothy Hepler; vocal solo, "He," Mrs. Joe Hutton, accompanied by Mrs. Clarence Maxwell, the latter are both from Sterling.

Six candidates were initiated and were presented red roses, the official flower for the Women of Moose. Mrs. Horton presented the roses as Mrs. Hutton sang "Only A Rose," accompanied by Mrs. Maxwell.

Refreshments were served following the meeting. The serving table was beautiful with its Valentine decorations. Red hearts and tall red tapers in crystal holders graced the all-white cloth.

Ritual chairman, Mrs. Horton, was in charge of the entire evening assisted by her committee: Mrs. Thomas Dolan, Mrs. Marcella Garrett and Mrs. Mina Kessler.

By Home Adviser

The following is the remainder of Saturday's homemaker's column by Miss June Pilgrim, Lee County Home Adviser.

To Buy Furniture

One of these days I'm going to be buying furniture—are you? What do we look for? We are all different, perhaps. It may be color, ornamentation, permanency, comfort, or utility. Don't be afraid to be curious when you go shopping. Turn a chair upside down to see what it's made of or ask questions about its construction, care and wearability.

Check the carving if there is some. Is it clean and clear cut? And, of course, furniture should be in good scale (or balance) as well as proportion. Ask if the pillows are made of down or feathers rather than springs. See that the corners are firmly nailed and glued. Check to see that the inside and back are finished securely.

Avoid gaudy, clumsy and poorly-scaled furniture. Keep away from imitation stain and grains, and from very shiny surfaces.

Ask the salesman about the things you can't see from the outside and check the springs and filling of upholstered furniture. Be sure to buy a good quality fabric so it will withstand the daily wear and tear it will receive.

Soviet Policy Is Outlined Massive Retaliation Is New Military Doctrine

MOSCOW (AP)—The Soviet Union apparently has adopted the policy of massive retaliation which it long has scorned as a capitalist threat to world peace.

Marshal Georgi K. Zhukov laid down what appeared to be the new Red military doctrine in his address Saturday before the 20th Congress of the Soviet Union's Communist party.

Only fragmentary reports of the defense minister's address and a companion speech by Foreign Minister V. M. Molotov were released then. The two speeches were carried today in Pravda.

Castigates U. S.
Zhukov castigated the United States for what he said was the creation of military blocs far from the U. S. homeland to ensure its safety in event of a major conflict. He warned such a policy is doomed to failure.

"It is no longer possible to fight without being subjected to retaliatory blows," Zhukov asserted. "If one wants to deliver an atomic attack on the enemy, he must be ready to receive similar and perhaps more powerful attacks from him."

Zhukov boasted that the Soviet Union's armed forces now have "diverse atomic and hydrogen

weapons, powerful rockets and jet weapons of various types, including long-range rockets."

No Disarmament
Zhukov made it clear the Soviet Union is not prepared to reduce its armed forces further now.

Molotov made three other principal assertions:

1. The danger of aggression in Asia arises mainly from the fact that Formosa had become a U. S. military base.
2. "There is no aggressive state on the European Continent" which would start war by attacking the Soviet Union.
3. Rearmament of West Germany will heighten the possibility of conflict among the Western states themselves.

22 From Area On Northern Honor Roll

DEKALB — (Special) — Twenty-two students from Dixon and surrounding communities are listed on the first-semester honor roll announced by Northern Illinois State College. Only those maintaining a "B" average for the semester are included.

Dixon—Bernard Charland, 715 E. Third St.; Zita Levan, 803 Ottawa Ave.; Wilma Miller, Chicago Ave.; Carol Schnell, Rt. 4; Janet Sleasman, 1206 Fargo Ave.; Nancy Whitcombe, 522 E. Chamberlin St.; Louis Wigginton, 1016 N. Jefferson Ave.; and Shirley Wooldridge, 611 Jackson Ave.

Ashton—Galen Meling, Rt. 1, Compton—Roberta Fuller, Rt. 1, Franklin Grove—David Knapp and Charles Middleton.

Mt. Morris—Patricia Westenberg.

Oregon—Phyllis Anderson, Nancy Chamberlin, Dorothy Hills and Jacqueline Leddy.

Pawpaw—Richard Mullins.

Polo—Reita Pope.

Rochelle—Romona Carnahan, James Gram and Patricia Lavery.

Traffic Court

Delbert Monks, Dixon, was fined \$20 and costs this morning by Justice of the Peace Edwin Merrick on a charge of disorderly conduct.

Monks was arrested by Officer Glenn Camery.

Mary Jane Munson, Rock Falls, was fined \$5 and costs Saturday by Police Magistrate Lawrence Boos, after being arrested by Sgt. Burt Lorenzen for failing to stop at a stop sign.

Mildred Schultetus, 503 Armeida St., was fined \$5 and costs for running a stop sign. She was arrested by Lorenzen.

William C. Johnson, Dixon, was fined \$11 and costs on a speeding charge. Camery and Officer John Woodyatt were the arresting officers.

Dukes Top Kewanee for 15th Win, 65-55

Locals Chalk Up Fifth Straight

By ART MATHERS
(Telegraph Sports Editor)

Good defense, a practice considered out of style by many current basketball coaches, continues to pay healthy dividends for Coach Lyle Bogott and his Dixon High Dukes.

The Dukes, continuing the fine defensive work which has marked their play all season in Bogott's first year at the helm, held the Kewanee High Boilermakers to 34 points in the first three quarters at Kewanee Saturday night and coasted to their 15th win in 19 games, 66 to 55. It was their fifth straight triumph.

Scott Held Down

And Kewanee's Larry Scott, a jump-shooting Negro forward who is the top scorer in a Northwest Conference that contains such powers as Galesburg, Moline, Rock Island and East Moline, was limited to 19 points under the guarding of Ken Mueller and "Pete" Peterson. In the first three quarters, while the issue was still in doubt, he scored only 10.

Sound defensive play has meant much to the Dukes all season. While the Dixon offense is averaging a consistent but unspectacular 60.2 points per game, the Duke defense has combined to hold the opposition to an average of 53.6. Dixon has held seven foes, including a high-scoring Sterling team, to fewer than 50 points.

Only Two Over 60

Twelve Duke opponents have been limited to 55 points or less, and only two in 19 games have tallied 60 or more.

Saturday night at Kewanee, before a half-filled arena of about 700, the Purple and White turned in another workmanlike job in a game that found the Dukes behind only during the first six minutes.

The teams were tied 2-2 and 4-4 in those opening moments, a seasaw period that saw Kewanee holding leads of 4-2, 5-4, 7-6 and 9-8. Dixon led by 2-0, 6-5 and 8-7 before hitting seven in a row to complete the period with an advantage of 15-9.

29-23 at Half

Mueller's layup stretched the streak to nine at the start of the second, and Dixon surged to margins of 17-9, 19-11, 21-13, 23-15, 27-17, and 29-19 before Kewanee narrowed it to 29-23 at the half on jump shots by Jerry Foley and Dick Pierce.

When Foley stole a pass at the beginning of the third period and drove in for a layup, it looked as if Kewanee were going to make a close game of it. That made it 29-26, and Foley hit on a jump shortly afterward to offset one by Dixon's Reeder and maintain the gap of four, 31-27.

But Peterson's two free throws and a jump shot bucket by Hill increased the edge to 35-28 and the closest Kewanee got thereafter was six points, at 36-30 and 38-32.

Widen Lead to 13

Dixon Coach Bogott called time out with the count standing at 38-32 and 2:55 left in the third. Whatever he told the boys must have been the right prescription, for the Dukes worked their plays for layups by Hill and Frankenberg and added three free throws to build a 13-point lead, 45-32. The quarter ended with Dixon in front by a 47-34 margin.

The purple-clad Dukes continued their spree early in the final period, moving quickly to their largest lead of the evening, 53-36. And although Kewanee switched to a pressing defense in the final four minutes, they never got any closer than 10 at any time.

Tailsets Out

Two of Dixon's "tall men," Frankenberg and Mueller, sat out most of the final period on personal. They finally re-entered the contest at 1:36, and Mueller drew his fifth personal with 23 seconds remaining. Guard Dave Holland fouled out for Kewanee's Boilermakers when the clock showed 4:23 left.

Capitalizing on a slight height advantage, Dixon outrebounded the Boilermakers 29-16 off the defensive boards. The teams were tied 6-6 in offensive rebounds, Dixon's leading defensive rebounders, however, were their "short" men, Hill and Akerman, who collected eight and six respectively.

A Little Rusty

"We were a little rusty against a man-to-man, which we haven't faced for several games," Duke coach Bogott said after the game. The Dixon five, however, did work quite a few plays for easy layups and scored all of their last nine field goals from under the hoop. Hitting on five of seven tries the final period, Dixon ended up the evening with a fancy 47.8 field goal percentage, on 22 out of 46. Kewanee, with 23 of 57, registered 40.4 percent from the field.

For the second straight night, the Dukes were edged by one in the field goal department with no ill effects. Kewanee's 23-22 bulge in field goals was more than offset by Dixon's 21 of 36 free throws which outdid nine of 20 by the losers.

Reeder Hot at Line

Gary Reeder, adding to his "5 for 6" Friday night, dropped in seven of nine free throw attempts to spark that department. Ken Mueller, who edged Reeder 18-17 for the Duke scoring lead,

An Easy One

DIXON—65	FG	FT	PF	TP
Frankenberg, f . . .	3	2	4	8
Mueller, f	8	2	5	18
Reeder, c	5	7	1	17
Akerman, g	1	3	0	5
Hill, g	2	4	0	8
Peterson, f	2	2	4	6
Dumphy, c	1	1	0	3
Gerlach, f	0	0	0	0
Totals	22	21	14	65

KEWANEE—55	FG	FT	PF	TP
Scott, f	8	3	4	19
Terry, f	4	3	3	11
Pierce, c	5	2	4	12
Holland, g	1	1	5	3
Foley, f	5	0	1	10
Capell, f	0	0	0	0
Orgorzalek, g	0	0	1	0
Faoro, g	0	0	4	0
Totals	23	9	22	55

Free Throws Missed: Dixon 15 (Frankenberg 3, Mueller 3, Reeder 2, Akerman, Hill 3, Peterson, Dumphy 2); Kewanee 11 (Scott 2, Terry, Pierce 6, Holland, Orgorzalek). Officials: Burkhardt (Rock Island) and Smith (East Moline).

was the top Dixon field goal shooter with eight fielders in 12 attempts. Other top Duke percentage shooters were Peterson (2 for 3), Reeder (5 for 10) and Frankenberg (3 for 7).

Scott, whose 19 led Kewanee, hit on eight of 20 attempts for a 40 percent average.

POST-GAME PATER: Kewanee Coach Vern Corbin attributed the Dixon victory to faster, more alert play. . . . "Termining his own team's defensive play as 'dead,' he said he didn't feel his team hustled as well as it should have defensively. . . . 'That's not taking anything away from your team,' he added. 'You have some fine offensive patterns and this Number 41 (Mueller) is a real good boy. Even if you knock him down he seems to get his shots away.' . . . Dixon's starting guards, Max Akerman and Bob Hill, completed the game with nary a personal foul charged to either. . . . It was the second straight game that Akerman went through without fouling. . . . In fact, totals from the last four games find Akerman charged with only two personals and Hill but three. . . . Dick Pierce, the Kewanee center, did some deceptive feeding from the pivot. . . . 'Pete' Peterson started the second half in place of Ken Frankenberg, who had accumulated three personals up to that time. . . . Gary Reeder, who fouled out the night before, picked up only one personal against Kewanee. . . . The small band of Dixon supporters at the game were impressed by the pre-game ceremony. . . . As the lights were turned out and a softly waving American flag spotlighted above one of the baskets, a trumpeter played 'Taps' and the crowd followed by reciting the Pledge of Allegiance. . . . The Dukes have yet to lose in seven road trips with their 'lucky' bus driver, Jim (Hot Rod) Jones. . . . 'Hot Rod,' not normally a sports fan, has become a rabid supporter of the team during the current season. . . . 'I'll be at Mendota next week, whether I'm driving the bus or have to go by car,' he says.

Back for Another Try

TWO YEARS OLDER but no less determined is this mixture of Chamber of Commerce and Jaycee basketballers, almost all of whom will be on hand for the renewal of the Old-Timers' "classic" as sponsored by the Junior Chamber of Commerce Wednesday night at the high school gym. The game is for the benefit of the Jaycee Project Fund which is used to back all civic promotions of the Junior Chamber. Pictured above, as they appeared two years ago, are (left to right): Joe Venier, Dwight Harms, Gene McNamara, Jack Lichtenfeld, Don Emmert (rear), Bud Carr, Harry Kerz (kneeling) and Virgil Childers.

Court Battle Looms

Wes Barred for Life

By ED CORRIGAN

NEW YORK (P)—Wes Santee, America's foremost hope for the magic 4-minute mile, today angrily drew plans for a court suit against the Amateur Athletic Union, which has barred him from track for life.

The AAU took the drastic action at its Executive Committee meeting Sunday after hearing a report by an investigation committee on Santee's expenses. The committee found about \$1,500 which, it said, was "overage," meaning above the allotted expenses permitted.

Would Be Through

Unless he is backed in the courts, Santee is through as a runner. He can be reinstated as an amateur.

Oregon Raps Mt. Carroll By 91 to 74

OREGON—(Special)—Surpassing the 90 mark in scoring for the second straight game, Coach Ray DeMoulin's Oregon High Hawks completed their second straight undefeated season in Blackhawk Conference play Friday night with a 91-74 victory over the Hawks of Mt. Carroll.

The frosh-soph prelim was also won by Oregon, breaking a tie for first which had existed between the Oregon and Mt. Carroll underclassmen prior to the final game. Trailing 59-57 in the waning seconds, Oregon's frosh-sophs grabbed a 60-59 on a fielder and free throw by Duane Six.

In the varsity game Oregon led all the way, piling up quarter scores of 29-21, 47-37 and 69-52 en route to their 17-point final margin.

Mt. Carroll's Randy Smith was the game's top scorer with 30 points, followed by teammate Miles, who hit for 23.

Oregon, showing excellent scoring balance, had four players around the 20 mark in scoring. Jack Glatfelter and Dick Haas tied for the lead with 22, with Len Montalbano getting 20 and Joe Hodges 19. The scoring:

OREGON (91): Glatfelter 22; Haas 22; Montalbano 20; Hodges 19; Sassaman 6; Knutsen 2.
MT. CARROLL (74): Smith 30; Grove 12; Remley 5; Larson 2; Miles 23; Kinney 2.

in other sports but never again in track.

"We plan to ask the courts to enjoin the AAU from carrying out 'Wes' suspension," said his attorney, Charles P. Grimes of New York. "Our contention is the same that we have been making all along—that the Executive Committee of the AAU does not have the authority in the case, that it should be turned back to the Missouri Valley Assn."

If the AAU's action stands up, it means that Santee, whose 4:00.5 is the closest any American has come to the 4-minute mile, is out of the Olympics. He was the United States' main hope.

'Extremely Disappointed'
"I'm extremely disappointed," he said bitterly. "I don't believe I received fair treatment. I'm convinced the AAU has violated its own constitution in suspending me. If there are any new charges concerning professionalism, I'll be happy to answer them before the proper authorities—the local Registration Committee of the Missouri Valley Assn."

AAU President Carl Hansen said there were seven instances in which Santee's expenses were more than permitted.

happy to answer them before the proper authorities—the local Registration Committee of the Missouri Valley Assn."

AAU President Carl Hansen said there were seven instances in which Santee's expenses were more than permitted.

Forreston Gains Loop Win, 74-60

STEWART (Special)—The Forreston Cardinals of Coach Bob Brinkmeier kept adding to their imposing list of winning marks here Saturday night as they disposed of the Winnebago Indians 74-60 after spurring to a safe 62-42 lead in the first three periods of play.

The Cardinals, who thus completed conference play with a perfect 14-0 record, stretched their winning streak to 23 and built their season won-lost reading to 25-1 by virtue of the triumph.

Build Leads
Forreston's Route 72 champs, who have won or tied for the conference title in four of the past five seasons, led by 18-10 at the quarter and 37-24 at halftime.

Forreston held Winnebago's high scoring center, Daley, scoreless. However, his teammate Bob Grove southpawed 23 points through the hoop to lead all scorers.

For the Redbirds the top offensive threats were Rog DeVries and Harlan Smith, who rolled in 22 and 20 respectively.

Sweep Twin Bill
The Forreston frosh-sophs also beat Winnebago, boosting their league championship mark to 13-1. Their final margin was 86-56. The varsity scoring:

FORRESTON (74): Vietmeier 12; Swift 2; Rog DeVries 22; Smith 20; Rich DeVries 8; Zager 5; W. Poppen 1; Lawson 2; Kaney 2.

WINNEBAGO (60): Grove 23; Livesay 10; Swigart 10; Cunningham 12; Hurd 2; Rittmeyer 3.

Asthma Formula Prescribed Most By Doctors-Available Now Without Prescription

Stops Attacks in Minutes...Relief Lasts for Hours!

New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription. Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms. This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold without prescription—in tiny tablets called Primatene®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension. All this without taking painful injections. The secret is—Primatene combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose. So look forward to sleep at night and freedom from asthma spasms—get Primatene, at any drugstore. Only 98¢—money-back guarantee.

Dixon Wrestlers Sixth; Melvin Sectional Champ

ROCK ISLAND—(Special)—Dixon High school today owned the sixth best team in its section and its first sectional champion in five years of varsity wrestling after the completion of the Rock Island Sectional Wrestling Tournament here Saturday night.

The champion was Boyd (Bud) Melvin, the conference heavyweight champ, whose 14-point performance sparked the Dukes to a total of 29, which edged Moline for sixth by one point. Canton, the fifth-place team, finished only three points ahead at 32.

Jim, Van 3rd

Two of Dixon's Dukes, Jim Dixon (165) and Sam Van Scoyoc (133), grabbed off third-place honors. The only other Dixon matman to advance to the semi-finals, Murrie Grove (138), finished fourth.

Meet the Champions:

95—Lenth, Geneseo.
103—Lutz, Rock Island.
112—Sullivan, Geneseo.
120—Pineda, Sterling.
127—Forrest, Rock Island.
133—Hoover, Sterling.
138—Dussler, Rock Falls.
145—Cole, Rock Island.
154—Benford, Rock Island.
165—Fitch, Geneseo.
175—Walsh, Peoria Central.
Hwyt—Melvin, DIXON.

vance to the semi-finals, Murrie Grove (138), finished fourth.

Rock Island won the 12-team competition in a runaway, with a total score of 98. Geneseo edged arch-rival Sterling for second place, 60 to 58. Rock Falls took fourth with 42 points, and Dixon's sixth-place finish thus gave North Central Illinois Conference teams four of the top six places.

NCIC wrestlers, incidentally, walked off with seven of the 12 championships.

List Team Totals

The final scoring figures read as follows: Rock Island (98); Geneseo (60); Sterling (58); Rock Falls (42); Canton (32); Dixon (29); Moline (28); Peoria Central (23); Peoria Woodruff (21); East Moline (14); Galesburg (4); Alleman of Rock Island (0).

Dixon's scoring was divided thusly: Melvin (14), Dixon (7), Van Scoyoc (5), Grove (3).

Melvin, who swept through the tourney with a 4-0 record, scored a 4-1 victory over Gunn of Galesburg in his semi-finals match Saturday afternoon.

3rd Over Smith

Saturday night, Melvin was matched with Canton's Smith, an opponent he had beaten in the sectional tourney twice previously. Melvin outscored his foe by a 3-1 margin, and an additional two points for "riding time" gave him a 5-1 decision and the championship.

Melvin, who finished third in the sectional last year, thus boosted his season's record to 18 wins and a draw in 19 matches, during which he has pinned 11 rivals. The muscular 210-pounder will leave here with Coach Don Barnhart Thursday afternoon for the state high school tournament at Proviso High School in Maywood.

Still Close

Jim Dixon, who had engaged in close matches all through the regular season, continued to wage the close tussles in the tourney. His final three matches were decided by a single point.

Jim, who defeated Fitch of Geneseo in the conference finals a week previous, lost to him by a 4-3 count in the semi-finals. Fitch went on the capture the 165-pound crown.

In the consolation match Jim met up with Fritz of Sterling and won by the margin of the referee's decision, 5-4.

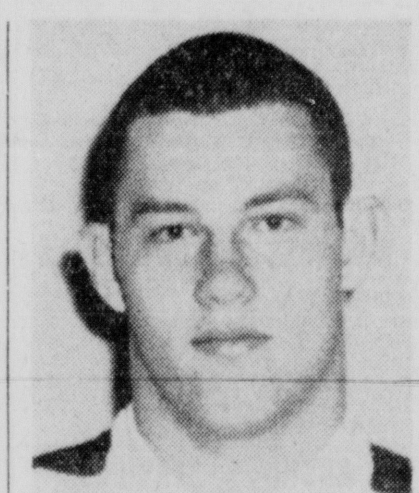

Sam Edged

Van Scoyoc, only recently returning to the form which marked his performances prior to an early-season injury, kept right on surprising the dopesters and finished third—and that all only by the margin of a close loss in his semi-finals match.

Van dropped a 3-2 decision to Bradley of Peoria Central in his semi-finals tussle. He then battled back to edge East Moline's Johnson, 4-3, with one point of "riding time" settling the issue. Johnson lost to Hoover of Sterling in the finals.

Close Grove Losses

Grove was defeated by close scores in both his semi-finals and finals matches. He fell by a 4-2

BUD MELVIN

margin to Hutcherson of Rock Island, then was edged 3-2 by Swanson of Moline in the third-place match.

MAT MATTERS: Followers of the wrestling Dukes were as loyal as any in the league this past season. . . . Not only did they outnumber the Sterling backers at the conference meet in Sterling, but they represented the largest turnout of any NCIC member in the Rock Island Sectional. . . . And the Telegraph received almost as many calls requesting the wrestling results Friday night as were received for basketball scores. . . . Les Ku-becka, Dixon's highly rated 145-pound conference champ, outscored Sterling's Lair 2-1 in his second-round match Friday, but Lair was awarded one point of riding time to tie it 2 to 2—and then the referee's decision gave it to Lair. . . . But undoubtedly the worst deal received by any Dixon wrestler was accorded 112-pound Tom Coffey in Coffey's match Friday with Johnson of Rock Island. . . . The scorer failed to record two points awarded to Coffey, Coach Don Barnhart reports, and therein lay the margin of victory in the 8-6 loss.

"Actually, Tom had a 'minute's riding time and that would have given him a 9-8 decision," Barnhart said. . . . Sam Van Scoyoc, who upset a second-seeded opponent the previous week in the conference meet, repeated the feat Friday when he knocked off Peterson of Rock Island, second-rated in the sectional.

THE 1956 HIGH SCHOOL HEAVYWEIGHT wrestling champion of the Rock Island sectional is none other than our own Bud Melvin. Bud represented the Dixon Dukes in the sectional tourney—a meet which includes representatives from schools in a large area of the state. Here's to your success in the State meet at Proviso High School in Maywood this week, Bud.

Some other Duke wrestlers fared well in the sectional meet. Sam VanScoyoc won a pleasantly surprising third in his weight division. James Dixon also won a third in the 165-lb. division, and Murrie Grove came home with a fourth place in his weight class. Except for Bud Melvin who's still "going strong", Dixon's wrestlers have concluded their season. It's been a successful season and one which, I'm sure, has been full of satisfaction for you boys and Coach Barnhart.

Many high school and college boys are wearing the new black and khaki LEE TAPER TWILLS or the IVY LEAGUERS with plain front and buckle in the back. They buy them at HANK HENRY'S.

Who would have dreamed before the basketball season began that the Dixon Dukes would win their first eight games in N.C.I.C. play and assure themselves of at least a share of the conference title? I believe the boys will defeat the speedy Mendota Trojans for a clear title this week. The Dukes don't want to share the crown with Sterling. An N.C.I.C. title has been a long time coming to Dixon; and, believe me, boys, your fellow-Dixonites like it!

I saw very little of the DeKalb game Friday night, but what I saw showed conclusively why DeKalb won the conference football championship last fall—they like contact! Even though the game was reportedly rough, the Dukes met the challenge for 32 hard-fought minutes and walked off the floor as victors.

Dress right—you can't afford not to! HANK HENRY'S in Dixon are now showing new spring TOP-COATS, SUITS and SPORT COATS to help you dress right. The suits for spring are beautiful in the new Continental Gray.

Tension Mounts as Ike Comes Closer to Decision

By MARVIN L. ARROWSMITH
THOMASVILLE, Ga. (AP)—There is an atmosphere of great expectancy and mounting tension here these days as President Eisenhower comes closer to the time of saying whether he will seek reelection.

The tension is perhaps reflected to the greatest degree here among the 40-odd Washington newsmen who are with the President—all somewhat uneasy any time they are out of shouting distance of press headquarters at the Scott Hotel. Somebody there always knows where to reach every man in a hurry.

Tension Elsewhere

But the tension undoubtedly is just about as great everywhere in the country among other groups—the Eisenhower political supporters for example, who hope he will say yes, he'll run again, and among Republican leaders counting on him to help pull GOP candidates for other offices to victory.

And among Democrats eager to know whether Eisenhower again will be the man to beat.

The President came here to Secretary of the Treasury Humphrey's estate last Wednesday to rest, hunt quail, play golf, and—the general impression is—reach a final decision regarding a second term in the light of his Sept. 24 heart attack.

He has indicated he will announce his plans about March 1, but he declined to rule out the possibility of an earlier or later announcement.

Hagerty Mum

Has he been at work here on an announcement statement? James C. Hagerty, White House press secretary, won't say. For that matter, he won't even discuss the second-term question with newsmen, publicly or privately.

The general feeling here is that Eisenhower will not disclose his plans until he returns to Washington. His original tentative plans were to go back to the capital Tuesday or Wednesday, but now there appears to be a chance he will stay longer.

Although the maximum age of golden eagles is unknown, there is evidence that they can live as long as 30 years.

Thinking It Over—For Lent

By Robt. Dieffenbacher, D.D.
Written for NEA Service

Several weeks ago we made a lot of resolutions for this year of 1956. They were personal resolutions—corrections we were going to make in the housekeeping habits of our own lives.

The Spirit of Christmas and God's gift to mankind pervaded our thinking. We opened the windows of our souls and God's light came into our lives. We saw a lot of mess and some unwanted shadows. So we resolved to "do better."

The freshness of 1956 is wearing off. We write "1956" as a date, without thinking. Are we slipping back into "pre-resolution" habits too without thinking?

During Lent we can review our good resolves. It could be that we have reverted to our old habits of being selfish, of putting off praying until a more appropriate time, and of forgetting our fellow men.

If the thought is a bit embarrassing, just remember that today is a new day. God is just as ready for an interview now as He was on January 1.

He might even be less rushed than He was when millions of people were making resolutions. Today we can "do better."

Second Term Speculation Brings a Mixed Reaction

By THE ASSOCIATED PRESS

A New York City Republican leader expressed hope yesterday President Eisenhower won't "jeopardize his life" and seek a second term, but he acknowledged he "might be in the minority in hoping against a re-election bid."

Certainly no such misgivings were heard from Indiana Republicans at an Indianapolis rally Saturday night. They met to sign a petition that would enter Eisenhower's name in that state's May 8 presidential primary.

Stanley M. Isaacs, Republican leader of New York's City Council, said he believes Eisenhower would risk his life by running again and added, "I really hope strongly he will not take that risk."

Fears Nixon

If Eisenhower does run, Isaacs said, Vice President Nixon would be a "disastrous" running mate because he "comes from the over-conservative group."

At the Indiana GOP conclave, Gov. George N. Craig predicted Eisenhower will announce his candidacy soon after he returns to Washington from a Georgia vacation.

Among the Democrats, Sen. Estes Kefauver of Tennessee was stumping Minnesota today in his bid for a presidential primary victory there over Adlai Stevenson. He told a Mankato audience yesterday night that, if elected president, he would name as secretary of agriculture "a farmer who has . . . the welfare of the farmer at heart."

He said Secretary Benson and his associates "lack the spirit and determination which a successful farm program requires."

Adlai Rests

Stevenson was back home in Libertyville, Ill., after a four-week swing through six Western states. He'll begin a Minnesota campaign tour next week.

A report that Eisenhower gave his Cabinet "a smiling hint" that he intends to run again was denied Sunday night by White House Press Secretary James C. Hagerty.

The Chattanooga Times said Saturday night that at the conclusion of a Cabinet discussion of Eisenhower's impending natural gas bill veto, the President asked in so many words: "How many of you men are going to be willing to stay on in Washington with me and live with this one for five years?"

He Denies It

Hagerty said, "I was at that

Cabinet meeting last Monday and I didn't see any such hint."

Stevenson, in a Denver stopover Saturday night, was critical of Eisenhower's veto of the natural gas bill, saying the President "did the right thing for the wrong reason."

He told newsmen Eisenhower vetoed the measure "apparently because he was fearful there was undue influence in its passage rather than because of its inadequate protection for the consumer."

From sun, water and air plus chemicals and minerals from the soil, a sapling can grow into a tree that may weigh 1,000 tons and tower 300 feet high.

Springfield Youth Is Plane Victim

SPRINGFIELD, Ill. (AP)—Pvt. Robert Myers, 19, son of Mr. and Mrs. J. D. Myers of Springfield, was one of 40 U. S. Marines killed Friday in the crash of a transport plane near Oakland, Calif.

The father is editor of the Progressive Miner, publication of the Progressive Mine Workers of America. He is a former city editor of the Illinois State Register.

The Marine Corps expressed regret to the parents for the delay in notifying them of their son's death. A mistake in the plane's roster caused the release of an erroneous casualty list, delaying the notification.

Is part of this traffic crowding the wrong road?

We think it is. And its presence wastes your time, frays your nerves and creates added hazards for you and your family.

Many trucks on the highways perform vital hauling services. But many others carry freight that would ride the rails—out of your way—if the railroads were permitted to price their services competitively.

Even when the railroads can haul freight more economically than the trucks, present transport regulations often prevent us from giving you the benefit of these economies.

This helps keep your highways cluttered with big trucks. It also keeps you from benefiting from lower freight charges. A Cabinet Committee appointed by the President of the United States to study the problem recommends relying more on competition and less on regulation to set freight rates.

Such competitive pricing will help you. And it will help us to serve you and all our friends and neighbors more economically and helpfully than ever. We're for it.
